L&T Wins Major* Order from Kuwait Oil Company for Hydrocarbon Onshore Business

Mumbai, July 29, 2026: L&T Energy Hydrocarbon Onshore business has secured a major engineering, procurement and construction (EPC) order from Kuwait Oil Company (KOC) for its key Jurassic Light Oil (JLO) export facilities and the upgrade of existing export network.

The scope encompasses EPC of six new crude oil storage tanks, each with an operating capacity of 618,000 barrels, and associated facilities, on a Lump Sum Turnkey basis. The project also involves the installation of new pipelines and comprehensive upgrades to Kuwait's existing crude loading and export network to seamlessly accommodate increased production and enhance the country's crude handling capabilities.

The order underscores the oil & gas sector's continued confidence in L&T's ability to execute complex hydrocarbon projects while maintaining the highest standards of safety, quality and operational excellence.

Commenting on the order win, **Mr E S Sathyanarayanan, Senior Vice President & Head of L&T Energy Hydrocarbon Onshore and Member of the Divisional Board - L&T**, said: "We are pleased to be entrusted with this major strategic project by Kuwait Oil Company. The development of the Jurassic Light Oil export infrastructure is an important investment in Kuwait's energy sector and we are committed to supporting the country's energy ambitions through reliable and world-class project execution".

L&T Energy Hydrocarbon Onshore is a significant EPC Business of L&T, delivering comprehensive Lump Sum Turnkey solutions across the upstream, midstream and downstream hydrocarbon sectors. With a strong execution track record across global markets, it has delivered refinery expansions, petrochemical complexes, gas processing plants, LNG terminals, fertiliser plants and cross-country pipelines projects.
