L&TMRHL AND TUCKIT LAUNCH SMART LOCKER SOLUTIONS ACROSS HYDERABAD METRO STATIONS

L&T Metro Rail (Hyderabad) Limited (L&TMRHL), in collaboration with TUCKIT, has launched on-demand smart storage lockers across seven metro stations, marking a significant step in enhancing commuter convenience and expanding utility-based services at Hyderabad Metro Stations.

The inauguration was held at Uppal Metro Station, introducing a facility designed to support commuters who wish to travel hands-free by securely storing helmets, luggage, shopping bags, backpacks, and other personal items.

Frictionless “Scan & Store” Experience: TUCKIT’s smart lockers offer a seamless storage experience. Commuters can complete the process in under 30 seconds through three simple steps:

- **Scan** the QR code displayed on the locker panel
- **Select** the locker size based on their item
- **Pay** digitally for the required duration

Through this partnership, L&TMRHL and TUCKIT are transforming Hyderabad Metro stations into multi-utility hubs, integrating smart technology to ease last-mile challenges and enhance the overall passenger journey.

After the inauguration, **Mr. KVB Reddy, MD & CEO, L&TMRHL**, stated, *“Our partnership with TUCKIT brings a smart, safe, and convenient storage solution into our stations, making every day travel easier for commuters. By integrating secure and easy-to-use lockers, we continue to build modern, passenger-focused environments across Hyderabad Metro.”*

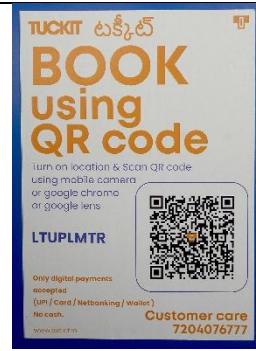

Commenting on this collaboration, **Rajesh Amaral, Founder, TUCKIT**, added, *“Collaborating with L&TMRHL allows us to bring our ‘Scan & Store’ smart storage solution directly into urban transit spaces. Our goal is to make secure storage accessible, intuitive, and available exactly where commuters need it most.”*

Availability Across Stations

TUCKIT smart lockers are now operational at the following **Seven (7) Stations: Miyapur, Ameerpet, Punjagutta, LB Nagar, Uppal, Parade Ground and Hi-Tech City**. With this launch, L&TMRHL continues to advance its vision of creating smarter, more connected, and convenience-driven metro stations for the city.
