L&T-SARGENT & LUNDY LIMITED

L&T-Sargent & Lundy Limited is a joint venture between Larsen & Toubro, India and Sargent & Lundy LLC, USA. Established in 1995, it provides consultancy and engineering design services in the field of Power and affiliated sectors. With a professional staff consisting over 700 engineers and designers, it has grown from strength to strength in gathering extensive experience in the power plant engineering and consulting assignments. The company's value system is guided by the Vision and Mission statements which are an integral part of its work culture and ethos.

VISION

To continue to be a leading integrated engineering solutions provider in the global thermal power sector and to enhance the focus on Green Energy and utilities for other industries, continuously creating value for our stakeholders.

MISSION

We Will:

- Be responsive to customer needs, delivering optimal solutions and value added services
- Ensure sustainable growth and professional excellence using state-of-the art technology, process-driven approaches, cost competitiveness, eco-friendly solutions and IT enabled tools
- Foster a culture of mutual trust, respect, teamwork, continuous learning, innovation, employee empowerment to provide a diverse and growth oriented workplace
- Adhere to fair, transparent and ethical practices in interactions with all stakeholders, in keeping the tenets of good corporate citizenship
- Remain flexible and agile, continually adapting to the changing business Environment

ORGANIZATION BRIEF

L&T - Sargent & Lundy Limited (L&T-S&L) - born of the shared vision of two world - class companies – Larsen & Toubro Limited (India) & Sargent & Lundy L.L.C. (Chicago, USA).

Larsen & Toubro is a USD 30 billion Indian multinational enterprise engaged in EPC Projects, Hi-Tech Manufacturing, and Services, operating across multiple geographies. A strong, customer-focused approach and the constant quest for top-class quality have enabled L&T to attain and sustain leadership in its major lines of business for eight decades. L&T is engaged in core, high impact sectors of the economy and its integrated capabilities span the entire spectrum of 'design to delivery'.

Sargent & Lundy L.L.C. (S&L) Chicago is a global leader in power and energy with expertise in grid modernization, renewable energy, energy storage, nuclear power and fossil fuels. For more than 130 years, S&L has been offering comprehensive project services from consulting, design and implementation to construction management, commissioning, and operations / maintenance. S&L has have engineered 958 power plant units and more than 6,200 circuit miles of power delivery systems.

L&T-S&L provides a complete range of engineering and design of power plants from concept to commissioning of open/simple cycle and combined cycle plants, cogeneration plants, coal based plants - both subcritical and supercritical technology and associated fields. L&T-S&L has also expanded its horizons in the Renewable (Solar/Wind/Hybrid/BESS), Energy from Waste (EfW), SWRO, Renovation & Modernization and Transmission & Distribution space.

Since inception, L&T-S&L has engineered numerous prestigious power projects in India and abroad. Its experience includes overseas projects carried out in USA, Saudi Arabia, Kuwait, Oman, UAE, Qatar, Jordan, Thailand, Malaysia, Indonesia, Bangladesh, Nigeria, Central America, Algeria, Morocco, Jordan, Turkmenistan, Turkey, Uzbekistan, UK, Singapore, Azerbaijan and many others. L&T-S&L has provided engineering services to esteemed customers like Doosan, HDEC, GSE&C, SEPCO, SEPCO III, Al-Toukhi, Alghanim, Ronasans, Siemens, , SSEM, AJEC, Dubal, Toshiba, YTL, Mitsui, Sembcorp, GE, Adani Power, Vedanta, Reliance, NTPC, ReNew Power, AMNS, Serentica, GMDC, SBI, PNB, PFC, REC, IDFC to name a few.

PORTFOLIO OF SERVICES OFFERED

L&T-S&L offers a gamut of services from concept to commissioning of power plants both in Indian and International markets. It operates under roles such as:

- EPC Contractor's Engineer
- Owner's Engineer
- Lender's Engineer
- Special Engineering services

Services offered through above roles are as under:

- Conceptual design
- Technology evaluation and selection
- Project feasibility study
- Detailed project report
- Tender specification
- Technical bid evaluation
- Vendor drawing review
- Statutory clearance assistance
- Pre-bid proposal Engineering
- Basic engineering
- Detail engineering
- Procurement assistance
- Project Management and Co-ordination
- Field Engineering Services
- Inspection and expediting
- Support for pre and post commissioning
- Technical Support for Performance Guarantee Testing
- Project Document Review
- Project Progress Review
- Project O&M Review
- Due-Diligence Services
- Special Studies like Efficiency improvement, reduction of greenhouse gas emission
- Repowering and modernization studies
- O&M Advisory Services
- Power Sector Reforms and other associated studies

PROFESSIONAL STRENGTH

L&T-S&L has presently an overall strength about 700 professionals dedicated to consultancy services in the field of Power Plant engineering and Power Sector in general, headquartered at Vadodara, Gujarat, India. Our professionals have extensive experience in successful delivery of various prestigious power projects. Our strength is further enhanced with the application of state of the art software as well as various in-house developed software's deployed for engineering projects.
