L&T Energy Hydrocarbon Onshore Signs Six-Year EPC Agreement with Petroleum Development Oman

Mumbai, July 31, 2026: L&T Energy Hydrocarbon Onshore has signed a six-year engineering, procurement and construction Framework Agreement with Oman's leading oil and gas company, Petroleum Development Oman (PDO), further strengthening the long-standing partnership between the two organisations.

Going by the agreement, L&T has been selected as one of four EPC contractors to participate in PDO's upcoming front-end engineering design and EPC projects over the agreement period. L&T will bring in its integrated engineering and execution capability, global expertise and innovation to support PDO's future project requirements.

L&T remains committed to supporting In-Country Value (ICV) development in Oman through opportunities for local suppliers, subcontractors and service providers, and the continued development of local capabilities.

Commenting on the development, **E S Sathyanarayanan, Senior Vice President & Head - L&T Energy Hydrocarbon Onshore, said:** "This Framework Agreement marks an important milestone in our long-standing association with Petroleum Development Oman. We look forward to supporting PDO's development plans through safe, innovative and sustainable project delivery, while contributing to Oman's long-term energy and economic growth objectives".

L&T Energy Hydrocarbon Onshore is one of India's largest EPC businesses, delivering integrated Lump Sum Turnkey solutions across the upstream, midstream and downstream hydrocarbon sectors. With a strong track record across global markets, it has successfully delivered refinery expansions, petrochemical complexes, gas processing plants, LNG terminals, fertiliser plants and cross-country pipeline projects.
